**PETITION TO WITHDRAW HOLDING OF ABANDONMENT BASED ON
FAILURE TO RECEIVE OFFICE ACTION**

Sir:

This is a Petition in response to the Notice of Abandonment dated September 30, 2003.

Statement of Facts

1. On April 10, 2003 an Amendment After Appeal was forwarded to the USPTO by Facsimile.
2. After April 10, 2003 the only communication received from the USPTO was the Notice of Abandonment of September 30, 2003 on October 6, 2003. A copy of the Notice of Abandonment that was received is attached showing a date receipt stamp of October 8, 2003 in the offices of the undersigned.
3. Attached is a photocopy of the file jacket for this application. It shows no entry after the filing of the Amendment After Appeal on April 10, 2003.
4. The undersigned received no Notice of Allowance and Issue Fee Due at any time.

5. A search of the file jacket and file does not show any receipt of the Notice of Allowance and Issue Fee Due.

6. A search of the docket record of the offices of the undersigned indicates that the Notice of Allowance and Issue Fee Due was not received.

7. Attached is the Declaration of Patricia Mascenik, a docketing clerk of the offices of the undersigned declaring that the Notice of Allowance and Issue Fee Due was not received.

Action Requested

It is respectfully submitted that the Notice of Abandonment be withdrawn and that a Notice of Allowance be re-issued with a new date for payment of the Issue Fee.

CONTACT PERSON IS:

Respond to the Notice of Abandonment by one of the following:

Petition To Withdraw Holding of Abandonment (See MPEP 711.03(c) I) and 37 CFR § 1.181) No fee required

Where an applicant contends that the application is not in fact abandoned (e.g., there is disagreement as to the sufficiency of the reply, or as to controlling dates), a petition under 37 CFR § 1.181(a) requesting withdrawal of the holding of abandonment is the appropriate course of action. Any petition under 37 CFR § 1.181, to withdraw the holding of abandonment not filed within 2 months of the mail date of a Notice of Abandonment may be dismissed as untimely under 37 CFR § 1.181(f).

In order for a petition to be granted, the evidence must be sufficient according to one of the following standards:

- 37 CFR § 1.8(b) Certificate of Mailing
- 37 CFR § 1.10 "Express Mail" mailing
- MPEP 503 Postcard Receipt as Prima Facie Evidence

Petition To Withdraw Holding Of Abandonment should be addressed as follows:

By mail: Commissioner For Patents, P.O. Box 1450, Mail Stop: Issue Fee, Alexandria, VA 22313-1450

Where an applicant contends that the original Notice of Allowance and Issue Fee Due was never received. If adequately supported, the Office may grant the petition and remail the Office action. The showing required establishing non-receipt of an Office communication must include a statement from the practitioner stating that the Office communication was not received and attesting to the fact that a search of the file jacket and docket records indicates that the Office communication was not received. A copy of the docket record where the nonreceived Office would have been entered had it been received and docketed must be attached to and referenced in practitioner's statement.

Petition should be addressed to the Technology Center handling the application as follows:

By mail: Commissioner For Patents, P.O. Box 1450, Alexandria, VA 22313-1450
(Mark attention of a particular office or individual)

By facsimile: Technology Center numbers posted at <http://www.uspto.gov/september1/faxnotice.htm>

Petition To Revive An Abandoned Application (See MPEP 711.03(c) III)

Where there is no dispute as to whether an application is abandoned (e.g. the applicant's contentions merely involve the cause of abandonment) a petition under 37 CFR § 1.137 (a) unavoidable or (b) unintentionally (accompanied by the appropriate petition fee) is necessary to revive the abandoned application.

Petitions under 37 CFR § 1.137 should be addressed to the Office of Petitions as follows:

By mail: Commissioner For Patents, P.O. Box 1450, Alexandria, VA 22313-1450

SUPPLEMENTAL DECLARATION

I, Patricia Mascenik, hereby declare:

- (1) I am an employee of Carella, Byrne, Bain, Gilfillan, Cecchi, Stewart & Olstein. I am an Intellectual Property Paralegal and have been employed by the firm on a full-time basis from February 1996 to November 1998, and on a part-time basis from March, 1999 to the present.
- (2) One of my duties as a paralegal is to docket Office Actions received from the United States Patent and Trademark Office ("PTO") In addition, I docket outgoing mail sent to the United States Patent and Trademark Office in regard to patent and trademark matters.
- (3) It is our firm's office procedure that all mail identifiable as PTO mail be forwarded directly to my attention.

- (4) All such correspondence is reviewed personally by me and entered into our computerized docketing system. Our docketing system identifies U.S.PTO patent and trademark matters in by the firm's file number and by application or serial number.
- (5) On or about October 26, 2003, I was requested by an attorney in our office, Francis C. Hand, to check the status of Patent Application Serial No. 09/126,194 filed July 30, 1998 with respect to the latest entries. With respect to U.S. PTO docketing relating to this application, the last docketed item from the PTO was docketed as having been received on March 24, 2003, which was the Board's Decision on Appeal dated March 17, 2003, stating claims 8, 12, 14 and 22 were allowable. At this time a docketing entry was made with respect to receiving the Notice of Allowance within a three month time period of the Board's Decision on Appeal dated March 17, 2003. An attachment is enclosed as "Exhibit A" showing this docketed entry to receive a Notice of Allowance. With the exception of the Notice of Abandonment dated September 30, 2003, no subsequent docket entries were made relating to this application and certainly no entries were made regarding the receipt of a Notice of Allowance.
- (6) Based on the database entries in our computerized docketing system, it is my conclusion that my office did not receive such a Notice of Allowance. Therefore, the Notice of Abandonment dated September 30, 2003 is believed to be in error because there was no record of ever having received a Notice of Allowance in our system.
- (7) All mail which is delivered by the United States Postal Service to our office is delivered to my office by a mail clerk employed by our firm who picks up and delivers the mail to the various personnel of the office several times a day. All incoming U.S. Postal Service mail from the United States is delivered directly to my office via the mail clerk.
- (8) I have been performing the docketing duties for several years with the firm and this system has been reliable.

(9) Attached hereto as Exhibit B is a Patent Docket Report relating to the period in question when the alleged Notice of Allowance not received by me for docketing should have been received by my employer Carella, Byrne, Bain, Giffillan et al. This docket report is for the three week period of August 19, 2003 to September 9, 2003. This docket report would have had the final due date of an Issue Fee due, had a Notice of Allowance been received in the above-entitled application, with a PTO Mailing date of May 30, 2003.

The Docket Report is explained as follows:

At the top of the report is a title of the report showing that the report is a "Due Date List by Date" in the three week reporting period of August 19, 2003 to September 9, 2003. This is a Final Docket Report showing all of the final due dates during this period. This means that any office action or other matter that is docketed having a due date in this period in any month commencing from the date of the office action or on its anniversary due date such as annuities and maintenance fees and so on will be listed in the report. If a Notice of Allowability dated May 30, 2003 were received by my employer and forwarded to my attention for docketing, that office action would be docketed with a final due date on August 30, 2003.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful, false statements and the like so made are punishable by fine or imprisonment, or both, under §1001 of Title 18 of the United States Code, and that such willful, false statements may jeopardize the validity of the application, any patent issuing thereon, or any patent to which this declaration is directed.
